**2. Celebrating the Power of School Sport**

Among the opportunities in the Burnaby School District for students to explore their interests, is a chance to play for one or more of their school sports teams. There has been much excitement as league finals and provincials for the winter high school sports season wrapped up earlier this month. And this year, there were many victories, banners and titles won across the district.

Claiming the bronze medal at the Provincial Championships was Burnaby Central Secondary's Senior Girls Basketball team. It was the first known medal for Central in the girls' AAAA division since 1948 and it was a well-played and hard-fought battle at the Langley Events Centre on Saturday, March 4.

After trailing for most of their final winning game, the Wildcats showed their grit and determination, taking their first lead of the game with only 1:54 left on the clock in the final frame. They held on and won with a score of 68-63 over the Yale Lions.

This evening, the Burnaby Central Secondary School's Senior Girls Basketball team and coaches will share their experiences competing in this event.
